SIGNATURE TREATMENT

GEMSTONE ODYSSEY | 90 MINS \$280

Our signature ritual, a truly profound treatment, combines Amethyst, Carnelian, Lapis Lazuli and Rose Quartz gemstones with specially infused herb oils to instil clarity, peace and confidence. Throughout history, gemstones and crystals have been used to enhance physical and emotional wellbeing. By incorporating gemstones into our daily lives, we can promote equilibrium and a connection with the universe.

This signature treatment begins with a brief questionnaire to select the most suitable gemstone for your desired outcome, offering options such as Purple Amethyst, Blue Lapis Lazuli, Pink Rose Quartz and Yellow Carnelian. Afterwards, you'll have the opportunity to choose your preferred massage oil from our signature aroma blend.

GEMSTONES

AMETHYST

Known for its calming violet tones, is cherished for its believed ability to reduce stress, enhance inner peace and boost intuition. Linked with the crown chakra, Amethyst is thought to aid in spiritual growth and clarity.

LAPIS LAZULI

ROSE QUARTZ

Known for its gentle pink hue, is the "stone of love", associated with compassion and emotional healing. Believed to open the heart chakra, it fosters self-love, attracts positive relationships and aids in emotional recovery.

CARNELIAN
